

Proceedings of the 4th International Young Scientists Conference on Information Technologies, Telecommunications and Control Systems (ITTCS) – 2017

This year the Conference “Information technologies, telecommunications and control systems” (ITTCS) will be coincided with the 65th anniversary of the Radio Engineering Faculty. The Conference is expected to be attended by IT Entrepreneurs, the representatives of leading Russian universities and research institutes. The Conference intends to bring together Russia’s top business and trade associations, the development institutes, expert and professional communities, becoming a platform for discussion the recent global IT trends. The program of the conference includes speeches of invited lecturers and representatives of sponsoring companies, presentation of plenary reports on sections and holding roundtables. On the last day the best reports are selected and the results of the conference are summed up.

Dear students, postgraduates, young research fellows! It is our great honor to invite you to participate in the 4<sup>th</sup> International Young Scientists Conference ITTCS which will give an opportunity to report on last scholarly endeavors, examine your colleagues’ research projects. This year’s Conference is being held from 7-9 December in Ekaterinburg, Russia. The Ural Federal University which is host the Conference being one of the leading educational institutions in the Ural region.

The conference objectives

The Conference agenda will work as a competence platform, providing facilities for efficient communication to boost the IT science and engineering knowledge of young scientists and help them in their professional development. Young scientists will be given a unique chance not only to improve their presentation skills and public speaking abilities but to gain an experience of independent scholar publication.

New alliances between young scientists are to be built, and existing partnerships are to be strengthened at the Conference platform.

## **Program Committee**

### **General Chair**

Vladimir V. Kruzhaev, Ph.D., Vice Rector for Research at the Ural Federal University

### **Vice Chairman**

Sergey N. Shabunin, Ph.D., HoD of the Institute of Radioelectronics and Information Technologies at the Ural Federal University

### **Committee Members**

Igor F. Zelenkin, Industry and Science of the Sverdlovsk Region

Vyacheslav P. Shkodirev, Peter the Great St. Petersburg Polytechnic University

Ilya A. Lepeshkin, Moscow Polytechnic University

Tatiana Kalganova, Brunel University London

Dmitriy Ostroverkhov, Technical University of Berlin

Branko Katalinic, TU Wien

Sergey F. Pravdin, Ghent University

Alexander S. Zhilin, LG TCM

Sergey I. Kudinov, Ural Federal University

Leonid G. Dorosinsky, Ural Federal University

Sergey V. Porshnev, Ural Federal University

Konstantin A. Aksenov, Ural Federal University

Andrey G. Tjagunov, Ural Federal University

Vadim V. Telitsin, Ural Federal University

I N. Obabkov, Ural Federal University

Andrey V. Sozykin, Ural Federal University

Natalya V. Papylovskaya, Ural Federal University

### **Organizing Committee**

#### **General Chair**

Artem V. Kruglov, Ural Federal University

#### **Committee Members**

Sergey A. Fedoreev, Nizny Tagil branch of the Ural Federal University

Alexey R. Barashev, Ural Federal University

Alexey A. Sheklein, Ural Federal University
